TGSRTC

TENDER FOR IMPLEMENTATION

OF

Electric Bus Management System (EBMS)

IN TGSRTC

Tender No: Dy.CTM(IT)/EBMS(01)/2026-IT

DISCLAIMER

The information contained in this Tender document/Request for Proposal (RFP) or subsequent clarifications provided to Tenderers and amendments, whether in document or verbal or any other form by or on behalf of Telangana State Road Transport Corporation (TGSRTC) by any of its employees or advisors is provided to Tenderers on the terms and conditions set out in this Tender document/RFP and such other terms and conditions subject to which such information is provided.

The purpose of this Tender document is to provide interested parties with information that may be useful to them in eliciting their proposals pursuant to this Tender document. This Tender document may not be appropriate for all persons and it is not possible for TGSRTC, its employees or advisors to consider the investment objectives, financial situation and particular needs of each party who reads or uses this Tender document.

This Tender document includes statements, which reflect various assumptions and assessments made by TGSRTC in relation to the Contract. Such assumptions, assessments and statements do not purport to contain all the information that each Tenderer may require.

The assumptions, assessments, statements and information contained in this Tender document, may not be complete, accurate, adequate or correct. Each Tenderer should, therefore, conduct his/its own investigations and analysis and should check the accuracy, adequacy, correctness, reliability and completeness of the assumptions, assessments, statements and information contained in this Tender document and obtain independent advice from appropriate sources.

Information provided in this document to the Tenderer(s) is on a wide range of matters, some of which depend upon interpretation of law. The information given is not an exhaustive account of statutory requirements and should not be regarded as a complete or authoritative statement of law. TGSRTC accepts no responsibility for the accuracy or otherwise for any interpretation or opinion on law expressed herein.

TGSRTC, its employees and advisors make no representation or warranty and shall have no liability to any person, including any Applicant or Tenderer under any law, statute, rules or regulations or tort, principles of restitution for unjust enrichment or otherwise for any loss, damages, cost or expense which may arise from or be incurred or suffered on account of anything contained in this Tender document or otherwise, including the accuracy, adequacy, correctness, completeness or reliability of the Tender document and any assessment, assumption, statement or information contained therein or deemed to form part of this Tender document or arising in any way in the Tender Stage

Invitation To Bid

Tender No: Dy.CTM(IT)/EBMS(01)/2026-IT
From:
Telangana State Road Transport Corporation (TGSRTC),
Bus Bhavan, B-Block,
RTC X Road, Musheerabad, Hyderabad-500020. Telangana State.

To: All Prospective Bidders

Telangana State Road Transport Corporation (TGSRTC), invites proposals ('Bids') in response to this Request for Proposal ('Tender') document, from eligible reputed, competent, and professional Information Technology companies, who meet the minimum eligibility criteria, as specified in this Tender for **implementation of Electric Bus Management System (EBMS) in** TGSRTC.

The complete Tender document shall be published on 02.04.2026, for the purpose of downloading.

A bidder will be selected ('Selected Bidder') based on the 'Bid Evaluation Methodology' described in this Tender.

Bidders are advised to study this tender document carefully before submitting their Bids in response to this Tender notice. Submission of a Bid in response to this notice shall be deemed to have been done after careful study and examination of this Tender document with a full understanding of its terms, conditions and implications.

The time, date, and venue details related to the pre-bid conference and Bid submission are mentioned in the Data Sheet. Bids that are received after the Bid Submission Deadline shall not be considered.

To obtain first-hand information on the assignment, bidders are encouraged to attend the pre-bid meeting. However, attending the pre-bid meeting is optional.

Thanks, and regards,

Chief Engineer (IT) TGSRTC

INTRODUCTION

TGSRTC hereby invites proposals through GeM Portal from reputed, competent and professional companies, propriety firms for a period of three years, who meet the minimum eligibility criteria as specified in this Additional Terms & Conditions (ATC) document for the "Selection of Service Provider for implementation of Electric Bus Management System (EBMS) Software Services for Management and Monitoring of Operation of 940 Electric Buses inducted under GCC model in TGSRTC" as this document provides information to enable the bidders to understand the broad requirements to submit their bids.

The detailed scope of work is provided in Section 5 of this ATC document.

Bidders are advised to study Bid document & this ATC document carefully before submitting their proposals in response to the Bid Notice. Submission of a proposal in response to this notice shall be deemed to have been done after careful study and examination of this document with full understanding of its Terms & Conditions.

About Telangana State Road Transport Corporation (TGSRTC)

Public Transport is one of the most common modes of transport, especially in a developing country like India. TGSRTC is currently operating bus services within Telangana State and to the neighboring States (Andhra Pradesh, Karnataka, Maharashtra, Goa, Tamil Nadu and Chhattisgarh).

Some of the key factors about TGSRTC are:

Number of Vehicles 9,072
Regions 11
Depots 97
Bus Stations 364
Zonal Workshops 2
Body Building Workshop 1

Various branded services offered by TGSRTC include:

Regular Services operated daily with various levels of comfort, such as Garuda Plus A/c, Rajadhani A/c, Metro luxury A/c, Pushpak A/c, Super Luxury, Deluxe, Express, Pallevelugu, City Metro Deluxe, City Metro Express and City Ordinary and Electric City Ordinary, Electric Metro Express, Electric Express, Electric Deluxe and Electric Pushpak.

Presently, TGSRTC is operating total 13 Electric bus depots, which may be increased with the enhanced quantity of Electric buses. As on date, TGSRTC is operating a total 940 Electric Buses which are scheduled to be augmented.

Electric Buses Induction Plan :

Telangana State Road Transport Corporation currently has 9072 buses out of which 940 are Electric buses.

Indicative Electric Bus Commissioning Schedule is as under:

No. of buses	Already inducted / To be inducted
940 buses	Already inducted
300 buses	Scheduled to be inducted by September 2026
500 buses	Scheduled to be inducted by December 2026
600 buses	Scheduled to be inducted by April 2027
700 buses	Scheduled to be inducted by August 2027

List of existing 13 Electric Bus Depots:

S. No.	Depot
1	Cantonment
2	Miyapur-2
3	Hyderabad Central University
4	Ranigunj -2
5	Kukatpally
6	KarimNagar-2
7	Nizambad-2

Section-1 General Important Information Related to Bid:

1. Contract Period:

a. Date of Issuance of Contract Order + 2 months for Software Prototype Customization, Testing, UAT & Implementation/Roll-out + 3 years of Operation, Support, and Maintenance from COD.

b. TGSRTC may extend the contract period on yearly basis or part thereof till the operation of e-buses under GCC contract, after successful maintenance of initial three years' contract, on the same rates, terms & conditions. The performance of the EBMS will be considered by TGSRTC for contract extension.

c. TGSRTC shall have the option of terminating the contract during the contract period by giving a 30 days notice.

2. Earnest Money Deposit (EMD):

a. The Bid Security (EMD) shall be furnished in Indian National Rupees (INR) only. The Bidders must deposit an earnest money of Rs. 10,00,000/- (Rupees Ten Lakhs Only) by means of Account Payee Demand Draft, from a Nationalized / Scheduled bank other than Cooperative bank drawn in favor of "Telangana State Road Transport Corporation", Hyderabad.

c. No interest shall be payable by TGSRTC on EMD.

d. EMD of the unsuccessful bidders will be returned on written request, only after finalization of Tenders in all respects.

e. The EMD of the successful bidder will be converted as Performance Security. The successful bidder has to submit a DD for the difference amount as Performance Security.

f. In the following circumstances EMD shall be forfeited by TGSRTC:

i. The EMD will be forfeited if the bidder fails to enter into agreement within specified time.

ii. If the bidder does not start the work as per stipulated timelines or withdraws its bids during the period of Bid validity or prior to award of work.

iii. If the bidder engages in a corrupt practice, fraudulent practice coercive/collusive practice, undesirable practice or restrictive practice.

iv. In case selected bidder fails to submit / furnish the Performance Security within the prescribed timeline of document.

v. In case the Selected Bidder, commits any breach thereof prior to furnishing the Performance Security.

g. The Bidder has to upload the scanned image of the EMD along with the online bid submission.

The original EMD shall be submitted at the ATM (Computers) Section, B Block 2nd Floor, IT Department, TGSRTC Bus Bhavan, Musheerabad, Hyderabad, Telangana, on or before the bid submission end date.

3. Performance Security

a. The selected bidder will be required to furnish performance security @ 5% of Contract Value in the form of Account Payee Demand Draft, from a Nationalized / Scheduled bank other than Cooperative bank, in favour of "Telangana State Road Transport Corporation", Hyderabad, payable at Hyderabad, Telangana State.

b. All charges whatsoever, such as premium, commission, etc., with respect to the Performance Security shall be borne by the selected bidder.

c. The Performance Security shall be submitted by the selected bidder within 15 days from the date of the award of contract.

d. If the selected bidder fails or neglects to observe or perform any of his obligations under the contract, the Performance Security furnished by the selected bidder shall be forfeited by TGSRTC.

e. In case of any extension of contract, contract obligation period, the selected bidder shall be liable to suitably extend the validity of the Performance Security.

f. The Performance Security may be discharged/ returned by TGSRTC after satisfied due performance & obligations of the selected bidder as per the contract Terms & Conditions. However, no interest shall be payable by TGSRTC on the Performance Security. Validity period of Performance Security should be up to 180 days beyond period of contract.

g. TGSRTC shall also be entitled to make recoveries from the bills of selected bidder or from Performance Security, or from any other amount due to the selected vendor, in-line with relevant Penalty Clause.

4. **Scalability**:

The number of depots 13 / Electric buses (940) mentioned in the bid document is not fixed, and TGSRTC reserves the right to increase or decrease the number of actual depots/buses intended to be covered under the contract up to 5500 Electric Buses. The system should have the capability of sufficient scalability to accommodate more depots/buses, if any, on mutually agreeable terms and conditions.

5. Right to Terminate the Process

a. TGSRTC may terminate the tender process at any time and without assigning any reason. TGSRTC makes no commitments, express or implied, that this process will result in a business transaction with anyone.

b. This tender does not constitute an offer by TGSRTC. The bidder's participation in this process may result in TGSRTC selecting the bidder to engage towards execution of the contract.

6. Termination

a. TGSRTC may terminate the Contract at any time for any reason by giving the Service Provider 30 days prior written notice. Upon receipt of the notice of termination under this clause the Service Provider shall:

i. Handover to TGSRTC, Source code ,all data and complete software backup in the format as desired by TGSRTC up to the date of termination;
ii. Deliver Knowledge Transfer Training (KTT) to TGSRTC's selected successor vendor with all documents prepared as of the date of termination in connection with the System.

b. The Service Provider should give 90 days' prior written notice to TGSRTC to terminate the contract. Upon giving of the notice of termination under this clause the Service Provider shall:

i. Handover to TGSRTC, Source code,all data and complete software backup in the format as desired by TGSRTC up to the date of termination;
ii. Deliver Knowledge Transfer Training (KTT) to TGSRTC's selected successor vendor with all documents prepared as of the date of termination in connection with the System.

c. Upon termination of this Agreement, the Parties will comply with the Exit Management Schedule.

d. Exit management schedule: The Service Provider will promptly on the commencement of the exit management period supply the following to TGSRTC or its nominated agency:

i. Information relating to the current services rendered.
ii. All current and updated data as is reasonably required for TGSRTC transitioning the services to its Replacement vendor in a readily available format nominated by TGSRTC.
iii. All other information (including but not limited to documents, records and agreements) relating to the services reasonably necessary to enable TGSRTC, or its Replacement vendor, to carry out with due diligence in order to transition the provision of the Services to TGSRTC (as the case may be).

iv. Before the expiry of the exit management period, the vendor shall deliver to TGSRTC or its nominated agency all new or updated materials, except that the vendor shall be permitted to retain one copy of such materials for archival purposes only.

v. Payments during the Exit Management period shall be made in accordance with the Terms of Payment Schedule.

7. Termination of this Agreement due to bankruptcy of Service Provider

TGSRTC may at any time terminate the contract by giving written notice to the bidder, if the bidder becomes bankrupt or otherwise insolvent, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to TGSRTC.

8. Dispute resolution between the buyer and the seller/service provider

a. **Conciliation**:

i. The Parties (i.e., the Buyer and the Seller/ Service Provider) undertake that any conflict or dispute that may arise between them shall first be dealt with in the manner stated below, irrespective of any other recourse, which any Party may have in law or in equity.

ii. In the event of any conflict or dispute arising out of or in connection with the Contract placed through the GeM Portal, the Parties shall endeavour to settle such disputes amicably. If a dispute is not resolved within 30 (thirty) days after a written notice of any dispute by one Party to the other, the same shall then be resolved through the mechanism of a Dispute Resolution Committee. This Dispute Resolution Committee shall comprise representatives of both the Buyer and the Seller / Service Provider. It shall be chaired by the Primary User of the Buyer organisation/department or any other person as authorised by the Primary User. If the Dispute Resolution Committee is not able to resolve the matter within 30(thirty) days of its formation, the parties can take recourse in accordance with the Law, within the jurisdiction of Hyderabad Courts only.

9. **Integrity Pact**:

No sums, in cash or kind, have been paid or shall be paid, by bidder or on its behalf, to any person by way of fees, commission or otherwise for entering into this Agreement or for influencing or attempting to influence any officer or employee of TGSRTC in connection therewith. For this purpose, TGSRTC will sign an integrity pact separately with the Service Provider enclosed with this agreement.

Note: Prospective Bidders may visit the IT Department, Bus Bhavan, TGSRTC for any further information/clarification regarding this bid document on prior appointment during working hours till the date of technical bid submission.

Section 2: Eligibility Criteria

S.No.	Item	Description	Documentary Evidence

An undertaking from Authorized Signatory as per format "Form 3"
5	Certification	The Bidder should have a valid minimum CMMI Level 3 or higher and/or ISO 9001:2008 or higher certificate as on last date of submission of the bid	Copy of valid certificate issued to the Bidding Organization by respective authority.

6	Key Resources	The bidder shall have at least the following manpower: Project Manager (minimum 2): Management Graduate with minimum 3 years of experience in implementation of Bus Operation Management Software Services System for Buses. MIS reporting Expert (minimum 5): Engineering Graduate with minimum 2 years of work experience in MIS reporting with at least one Bus Operation Management Software Services System for Buses.	Signed Resume certified by Company HR
7	Experience in Bus Operation Management Software Services System for operation of Buses	The Bidder must have experience of implementing and operating Bus Operation Management Software Services System involving installation, operation and maintenance for Buses in the last 3 years (as on the last date of bid submission) as per following criteria: *One single project with minimum fleet size of 1200 buses Or Two projects with minimum fleet size of 750 buses each Or Three projects with minimum fleet size of 600 buses each* A qualifying project shall be defined as "A project consisting of implementation, operation and maintenance of Bus Operation Management Software Services System for Buses".	Work Order + Completion Certificates from the client; OR Work Order + Phase Completion Certificate (for ongoing projects) from the client
8	Solution Demonstration	**Understanding of the objectives of the project**: The extent to which the System Implementer's approach and work plan respond to the objectives indicated in the Scope of Work. **Completeness and responsiveness**: The extent to which the proposal responds exhaustively to all the requirements of all the Terms of Reference	EBMS functionality and implementation plan as per Scope of Work to be shown & explained through their existing EBMS software before TGSRTC Officials for taking a decision of technical qualification.

Note:

i. All self-certificates shall be duly signed and stamped by authorized signatory of the bidder firm unless specified otherwise the bids shall not be considered for further evaluation.
ii. TGSRTC reserves the right to independently verify the documentary evidences including self- certifications submitted by the bidder along with bid.

Section-3 Payment Terms:

Payment by TGSRTC shall be done on a Quarterly basis. The Selected Bidder will submit an invoice in the following quarter for the invoice period up to the 10th day of every quarter. **The payment shall only be made for the actual number of buses using EBMS services in the respective** Quarter. The payment shall be made on receipt of the invoice, subject to deduction of penalties for noncompliance computed based on the SLA, taxes and other deductions as per the agreement and Government rules and regulations.

(a) The selected bidder will complete stabilization process for the buses in the depots within a period of 2 months. Payment will start post stabilization of project & issuance of acceptance certificate. Payment will be made after receiving of invoice. i.e. Go-Live for the identified Depots in phased manner through TGSRTC.

Following steps to be followed:

1. Vendor will submit Quarterly bills to the IT department, TGSRTC.
2. The IT department will verify the bills before processing.
3. The Quarterly bills will be compiled and sent to the Accounts department, TGSRTC for audit.
4. After audit, approval of competent authority will be sought.
5. Accounts Dept. will make the payment to the vendor.
6. While submitting the invoices from 2nd Quarter onwards, the Vendor must submit proof of GST payment for the previous payment done by the Corporation.

(b) Payments shall be subject to the application of liquidated damages (for period prior to "Go Live") or SLA penalties and its adjustments/corrections (for post "Go-Live") as may be provided for in the Agreement and the SLA from the relevant milestone(s).

(c) TGSRTC or its nominated agencies shall be responsible for withholding taxes from the amounts due and payable to the Service Provider wherever applicable. The Service Provider shall pay for all other taxes in connection with the Agreement, SLA, scope of work and any other engagement required to be undertaken as a part of the Agreement, including, but not limited to, property, sales, use, excise, value-added, goods and services, consumption and other similar taxes or duties.

Section - 4 SLA :

The purpose of this section is to define the performance levels of service that the service provider needs to adhere to during implementation and operation:

SLA during Implementation:

#	Service Level Description	Measuring Duration	Measurement			Penalty	Penalty to be imposed at
			Baseline Minimum	*Lower Performance*	*Material breach*		
1	Adherence to project timelines	Adherence to timelines as defined in the Project timelines, milestones	Timelines defined in Project timelines, milestones	Delay of Less than or equal to 30 days	Delay of Greater than 30 days	Rs. 10,000 per day of delay from the scheduled completion date for issuance of acceptance certificate and go live for all TGSRTC Buses for lower performance. Rs. 20,000 per day of delay from the scheduled completion date for issuance of acceptance certificate and go live for all TGSRTC Buses for Material breach and /or CE(IT)-TGSRTC can take suitable action including issuance of warning, invoking breach clause etc.	At HQ Level
SLA during Operation & Maintenance:							
2	Software availability at Depots Resolution/ workaround to be provided within 4 working hours by Service provider.	Daily	Less than 20 Hours	Between 20 hours to 23 Hours	24 Hours	INR 5000/- per day for Lower Performance. INR 50000/- per day for Material Breach. If Material breach continues for more than 3 months, then CE(IT)-TGSRTC can take suitable action including issuance of warning, invoking breach clause etc.	At HQ Level

Note: Maximum Penalty applicable for above shall not exceed 20% of the 'billed amount' submitted by the vendor.

Section-5 Scope of Work

The Electric Bus Monitoring System (EBMS) is a web based application software for Management and Monitoring of Operation of Electric Buses inducted/ being inducted in TGSRTC under GCC Model and shall be able to provide the complete information system in real time manner adhering to the services in accordance with the provision of the contracts with the concessionaires. The service provider shall be responsible for Supply, Installation, Testing, Commissioning, Maintenance and Operation support of all software components of EBMS during the entire contract period. Scope of services for EBMS should contain but not limited to following are as follows:

1. **Stake Holders involved and their obligations: -**
   i. **Obligation of Concessionaire:-**
      a. Provide GPS data, CAN data (SOC, Odometer, etc.) and ITS data including IPCCTV Camera, Panic Buttons, and two-way communication to EBMS.
      b. Provide Charger Data API via CMS to EBMS.
      c. Support the execution of the EBMS.
      d. As the EBMS platform will also provide operational and monitoring benefits to the Operators/Concessionaire, including vehicle performance monitoring, safety monitoring, and operational efficiency improvements, the Operators may share a mutually agreed portion of the implementation and operational costs of EBMS, as decided by the Competent Authority, TGSRTC.

   ii. **Obligation of TGSRTC:-**
      a. Provide support in data collection from e-bus operators and execution of the EBMS Project.
      b. Providing master data for Vehicle, Driver, Conductor, Route/Duties.
      c. Verifying and Creating Memo in EBMS with the guidance of Vendor Staff.
      d. Scheduling / allocating Buses Drivers and Conductors 20 minutes before Schedule Out going time.
      e. Data entry /AFCS API for ticketing data.
      f. Approving daily basis Trip wise KMs in Portal.
      g. Entry of Breakdowns, accident details, any other incidents.
      h. Data Support for Bus schedules, routes details

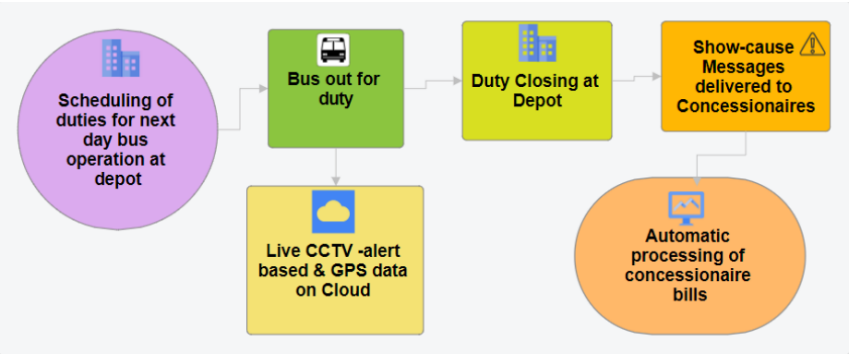
   iii. **Obligation of EBMS Software Service provider (Vendor):**
      a. To create Bus Management Software for management and monitoring of Operation of Electric buses.
      b. To ensure the compliance of all the T&C and SLA prescribed in the respective concessionaire agreement and to process & apply the performance adjustments (damages & penalties, if any) accordingly.
      c. To make provision for maintaining a database related to operation of Project for each depot and regular reports, as per requirement, on operational performance of all Concessionaires to TGSRTC.

d. To take all the GPS data, CAN data (SOC, Odometer, etc.) and ITS data including IPCCTV Camera, Panic Buttons, and two-way communication from the respective concessionaire for EBMS.
e. To take Charging data of buses data through API from the concessionaire.
f. Monitoring/tracking of GPS-based Vehicle Tracking of Electric Buses.
g. Real-time and historical monitoring of Key Performance Indicators (as per Concessionaire Agreement to be shared with selected vendor).
h. Generating related operational reports in effective MIS system as per requirement of TGSRTC in due course.
i. Automatic processing of concessionaire bills
j. Integration of pre fitted ITS system (i.e. CAN-TCU/VTS & VHMD, camera feed, driver behavior monitoring with EBMS).
k. Vendor shall study the complete existing system of TGSRTC and the Concessionaire Agreement of hiring of Electric buses by TGSRTC for understanding the process, collecting all relevant information, material etc.

Tentative list of functioning requirements is as under:

- Allocation of Duty
- Trip wise way bill data entry & submission
- No. of over speed incidents
- Early,late Outgoing/ incoming
- Miss bus stop
- Trip not start from origin point report
- Kms cross verification finalize from memo by TGSRTC employee
- KPI on monthly, Quarterly basis
- GPS Tracking, Bunching report
- Charging data
- Camera
- Bus Idle report
- Infractions report as per agreement

2. EBMS Work Flow:-



3.Tracking reports of Electric buses:-

S. No.	Report Category	Sub Report Category	Utility
1	Map Tracking Reports	Map Live	Live location of all buses on map.
		Live Trail Map	Live movement of selected bus on map and showing time, speed etc.
		History Replay	Historical movement of vehicle of data on map with total Kilometers as per selected date & Vehicle number
2	Operational Reports	Today's Journey Report	Shows Todays journey covered by the selected vehicle and showing start time, start location, end time, end location, Kms, Duration & status (running/stop)
		Journey Report	Total journey covered by the selected vehicle and showing start time, start location, end time, end location, KMs, Duration & status (running/stop).
		Idle Report	Total idle time of the selected vehicle and showing idle from, end time, duration, idle location.
		Diagnostic Report	Total diagnostic details of the selected vehicle data and showing start time, start location, end time, end location, Distance, Odometer, Duration & status (running/stop).
		Movement Report	Total details of the selected vehicle with second to second, data and showing time and location.
		Overspeed Report	Over speed (to be selected through dashboard) details of selected bus with location and showing date, speed, location and send notification on dashboard.
3	Statistical Reports	Current Month Report	Kilometers as per GPS for all vehicles for all dates of the selected month.
		Consolidated Report	Consolidated details of selected vehicles.
		Non-Journey Report	Details of non-journey time & location of buses

4. **Type of Instances for Alerts: (Through Email & Dashboard Notification)**

a.Panic alerts
b.Over Speed (To be defined by User)
c.GPS Breakage
d.Idle report
e.Route Deviation
f. Bunching report (To be defined by User)
g.Harness Removal (Disconnection)

5. **Business Rules for incidents reporting in EBMS:**

The system shall operate in compliance with the business rules of TGSRTC and shall be designed to accommodate any changes in the business rules. All Business rules for EBMS to be formalized by the vendor in consultation with TGSRTC for the following: -

a. Stoppage Geofencing
b. Terminal Geofencing
c. Depot Geofencing
d. Route fencing
e. Delay Depot OutGoing time relaxation
f. Early Depot OutGoing time relaxation
g. Every trip start time relaxation
h. Route diversion in meters
i. Over speed
j. Over speed critical
k. Speed at Geofencing (bus stop) to make it cover
l. Trip Not started from origin
m. Trip not completed
n. GPS Km of trip +- range
o. Same depot OutGoing to same depot Incoming
p. No of Duties per day
q. no of conductor in single duties
r. no of Drivers in single duties
s. No of Duties Hours

6. **Responsibility Matrix:**

S. No.	Type of activity and work flow for a day	Responsibility of Vendor	Responsibility of TGSRTC
1.	One time uploading of Bus, Drivers, Conductors Master	Yes	
2.	Regular update of Bus, Drivers, Conductors Master by Traffic Section		Yes
3.	One-time creation of Bus Stops, Routes, Duties in the system for a depot	Yes	
4.	Regular updation/creation of Bus Stops, Routes, Duties in the system for a depot by Regional Managers Office.		Yes
5.	Duty allocation to buses & operational staff on day to day basis by Depot Traffic section		Yes
6.	Lodging of infractions for bus condition and driver shortcomings checking at the time of out going of buses in morning shift and entry in the mobile app by Depot Maintenance Team.		Yes
7.	Trip wise sale of tickets entry from way bills on daily basis immediately after completion of duty by DC section.		Yes

8.	Lodging & closing of breakdown event in real time by Depot Maintenance Team.		Yes
9.	Electric bus charging data entry manually through APP or Excel by Depot Maintenance Team and later through API from operator.		Yes
10.	Initial 1st level closing of trip wise kilometers after incoming of bus by Traffic Section and final 2nd level closing after 24 hours by Depot Maintenance Team.		Yes
11.	Lodging & closing of infractions details on daily basis by Depot Maintenance Team.		Yes

7. **Details of infractions reports & formats for billing purpose:-**

a. Double duty driver report
b. Day wise Sch KMs,Optd Kms
c. Daily earning report
d. KPI report (Monthly, Quarterly)
e. Daily cancelled KMs (Total)
f. Head wise (cancel KMs)
g. Daily cancelled KMs type wise
h. Incident and penalty report
i. Incident details report
j. Authorized curtailment report
k. Unauthorized curtailment report
l. Unauthorized route deviation report
m. Trip not started from origin
n. Early/ Late trip started from origin Report
o. No driver/ no conductor report
p. Breakdown report not attended within 2 hrs.
q. Breakdown 0.2% (As per article 16.6.3)
r. Accident instances report
s. Over speed report
t. Assured KMs reconciliation report
u. service wise infractions report

8. **Automatic processing of concessionaire bills:-**

a. Submission of bill by the concessionaire
b. Entry of bill in the system
c. Payment processing note generated by EBMS
d. Auto generation of proposal note along with Show Cause notice by the EBMS system for making payment of actual KMs operated and levying damages/ infraction as per SLA.
e. Bill processed at depot level and sent to regional office.

f. Verified bill amount is sanctioned by RM after regional accounts vetting and sent back to depot.
g. Depot to prepare Voucher of vetted amount and sent to accounts department HQ for releasing the payment.
h. Release of payment to Concessionaire(s) through Escrow Account by Accounts Department, HQ.

9. **Other Terms and Conditions for the Vendor for implementing EBMS**

9.1 Vendor shall design the user-friendly screens/dashboard with MIS of the portal considering latest designs and make it attractive.

9.2 Vendor shall make provision for User level logins to be given to Senior Management, Admin, Regional Managers & all the Electric Bus Depots, etc. as per Scope of Work.

9.3 The software shall support minimum 500 concurrent users at a time in view of the operation of number of electric buses.

9.4 The portal shall keep the provision for scaling up of the no. of buses and incorporating more depots. The software shall generate reports instantly.

9.5 **Back Office Management**: 24X7 support services to TGSRTC Users.

9.6 Vendor will be responsible for secured hosting of the Web Based Application Software on its own Data Center or on Cloud and backup at Data Recovery (DR) Center with 99% uptime of server from final deployment & implementation date during the entire contract period. Data Centre/Cloud origin must be in India. Cloud shall be of NIC or MietY empaneled.

9.7 Web application software must be designed, developed, deployed and maintained according to GoI Guidelines & the Guidelines of IT Dept.TGSRTC.

9.8 Vendor will need to get clearance of security audit of the web application software through CERT-in empaneled agencies.

9.9 **Data Backup Facility**: Vendor shall maintain operational data always live during the entire contract period except tracking data for last Quarter on live server. The data to be provided immediately as and when requested by TGSRTC, for any particular instance, or as a whole.

9.10 It shall be the responsibility of the Vendor to capture real-time data from AIS-140 compliant GPS devices installed in Electric Buses from respective concessionaire.

9.11 All data generated during the operation period shall be the property of TGSRTC.

9.12 Vendor shall be responsible for updating and upgradation (if required) of all Software for successful operation of the Project during the Contract Period.

9.13 Web application software must be Smart Phone (android & i-phone) Responsive and design shall be compatible to all Smart Phones and browsers with uniform and user friendly presentation of the contents & architecture with clear navigation.

9.14 Bug fixing and keeping Web application software secured from all possible cyberattacks and hackers at all time.

9.15 Admin Dashboard with the ability to Add/Edit/Delete or create/inactive any user account, Bus details, Employee master etc. (As per format provided by TGSRTC - Manual /Excel uploading).

9.16 Mobile App to be provided for Officers / Checking staff for lodging complaints by Officers and issuing Challans by checking staff for the irregularities observed in the operation of electric buses.

9.17 The Software should be capable of integrating with other softwares / Applications through API i.e. AFCS, Automatic Passenger counting system, ERP, OPRS etc.

9.18 **Geofence**: Vendor shall create geofence for all stops, terminals, depots and associate alarms for entry/exit to monitor the movement of any bus through any geofence. The vendor shall carry out survey for taking Latitudes & Longitudes of the locations. Shall map the routes on geofence which will provided route deviation alerts as well.

9.19 Any third party software, maps etc. required for the EBMS software shall be provided to TGSRTC with perpetual license.

9.20 Provide standard commercial off the shelf (COTS) software encouraging use of non-proprietary items.

9.21 The Service provider shall allow flexibility and configurability to allow the installed system to be easily modified to accommodate a multi-operator environment including the application of any government policies to be adhered to.

9.22 System should be secure to provide protection against fraud, data theft, falsification of data, external threats, false accounting and unauthorized access etc.

9.23 The design life period of the system shall be at least 10 years in terms of selected technology, future upgrades, security considerations, scalability and future upgrades in-case required after completion of contract period.

9.24 The system shall be based on service-oriented architecture, adopt to non-proprietary open standards for seamless integration with existing applications of TGSRTC such as CIS(ERP), Automatic Fare Collection System(AFCS), Vehicle Tracking system, etc.

9.25 The service provider shall provide technical assistance during operations and maintain the system during contract period to ensure the performance as per the defined Service Level Agreements (SLAs).

9.26 Provide training to officers / officials of TGSRTC to fulfil the requirement.

9.27 Prepare, update and submit all documentation required to cover all phases of the scope of work.

9.28 **Incident Reporting and Management System (IRMS):** The service provider shall provide incident reporting and management system (IRMS). The depot staff shall enter/lodge telephonically all incidents related to EBMS in IRMS. The service provider will provide technical support for reported incident through their maintenance and support team. The IRMS system shall also provide capability to assign the incidents to various teams based on set workflow and operating procedures.

9.29 **Database management system:** The functional requirements for this module are as follows:

i. Full function, RDBMS supporting SQL.
ii. Shall support data integration, data recovery, exceptional handling validation and security.
iii. Support parallel processing
iv. Shall support complex data structures, multi-user, multi-processing, large transactions.
v. Shall support real-time as well batch mode of operations
vi. Should provide GUI interface for real-time ad-hoc queries, system administration
vii. Shall be proven product for handing large-scale transactions.
viii. Shall maintain historic data for 3 years. This period should be configurable based on TGSRTC's requirement.
ix. Should provide disk mirroring capability and support user defined archival and purge strategy.
x. Shall support 100% data recovery, commit and rollback based on check-point logic.
xi. Daily database and system backup and restoration of data should comply with the threshold performance requirement values as per standard norms.

9.30 **Authentication:** The functional specifications for this module are as follows:

a. All connections to the server from the depot should be securely connected.
b. All data exchange should be encrypted between the server and client.
c. All active connections should be managed by servers.
d. All the configurations with connections should be managed through configuration management.

e. All the devices' login should be centrally authenticated based on the profile configured.
f. Should log all credentials of the login details when logging in /off in the system.
g. Should be securely hosted with access only to TGSRTC user configuration managers.
h. Should be able to create users and profiles based on the devices and functions to be performed.

9.31 **Application Software Maintenance**

a. Application support includes, but not limited to, troubleshooting and addressing the functionality, availability and performance issues, implementing the system change requests etc. The Bidder shall keep the application software in good working order; perform changes and upgrades to applications as requested by the TGSRTC team.
b. The Bidder shall address all the errors/bugs/gaps in the functionality offered by solution at no additional cost during the contract period.
c. All patches and upgrades shall be implemented by the Bidder ensuring customization done in the solution as per the TGSRTC's requirements are applied. Technical upgrade of the installation to the new version of all components, as and when mandated due to other compliance, security-related reasons etc., shall be done by the Bidder at no additional cost to TGSRTC.
d. Any changes/upgrades to the software performed during the support phase shall be subject to the comprehensive and integrated testing by the Bidder to ensure that the changes implemented in the system, meets the specified requirements and doesn't impact any other function of the system.
e. Issue a log for the errors and bugs identified in the solution and any change done in the solution shall be maintained by the Bidder and periodically submitted to the TGSRTC.
f. In case of critical security patches/alerts, the Bidder shall inform about the same immediately along with his recommendations. The report shall contain Bidder's recommendations on update/upgrade, benefits, impact analysis etc. The Bidder shall need to execute updates/upgrades though formal change management process and update all documentations and Knowledge databases etc. For updates and upgrades, Bidder will carry it out free of cost by following defined process.

9.32 **DC/ DR related requirements:** The functional specifications for this module are as follows:

a. The Control Centre System along with other related applications including security components etc. infrastructure shall provide redundant DR system as a fall-back arrangement.

b. In case of emergency or critical situation in Data Centre, data backup procedures from disaster recovery site should be clearly followed.
c. All necessary software with required set of licenses shall be installed as per bidders' assessment.
d. A firewall cum gateway shall be installed at DC/DR to protect the entire network from cyber threats.
e. Security and safety of the DC/DR is very important.
f. The DC and DR services to be obtained on cloud. The bidder is to follow MEITY guidelines for hosting DC/DR on cloud.
g. The DR would have the similar specifications as the DC. The required storage may vary depending on the applications / services that are to be hosted at the DR. The DR would be configured in a manner that the critical applications and databases shall be of the same capacity as in the DC, however some of the non-critical applications would be of a lower capacity of the DC.

9.33 Reporting requirements The functional specifications for this module are as follows:

a. The Bidder should ensure that the system shall provide a facility for generating and viewing online, real-time project and MIS reports for transactions handled during a specified period, transaction density trends for any specified periodicity (hourly, daily, weekly, monthly) and any bottleneck situation creating dependency at any stage.
b. The Reporting system and Dynamic Dashboard shall be an integrated system which shall provide user-friendly reporting functionalities for the staff, assessing officers and officials of TGSRTC.
c. The Bidder should draw an exhaustive list of reports along with the TGSRTC. Bidder should submit the reports on a regular basis in a mutually decided format and shall develop any other required reports within 07 days of requirement raised by TGSRTC during entire contract period.
d. Daily reports
    i. Daily service wise/ticket /route wise/ summary report (including Sch Kms,OPTD kms)
    ii. Cause wise Cancellation of all services
    iii. Driver/conductor wise performance &cancellation report
    iv. Daily ridership summary report
    v. Shift summary report
    vi. Aggregated / consolidation reports
    vii. Operator action reports & Log reports
    viii. Event, alarms and warning report
    ix. Maintenance and failure reporting
    x. Breakdown Rate, Fleet utilization
    xi. Service wise/drive/conductor/vehicle wise infraction report

xii. SOH & SOC of Batteries
xiii. Chargers available position (vacant position)
xiv. Income tax deducted report section wise,GST collected from AC bus earnings ,Incentive paid/recovered on performance etc
xv. Any other Reports to be generated as per the requirements of the concerned departments during the project development and implementation stage.

e. Weekly reports
   i. Log of backup and restoration undertaken.
   ii. Summary of resource utilization of all components
   iii. Service wise,Route wise, Duty wise and Trip wise,cond/driver wise report

f. Monthly reports
   i. Asset modification report at TGSRTC locations and DC locations.
   ii. Summary of component wise uptime in the DC sites.
   iii. Summary of resource utilization of all components in the DC sites
   iv. Log of preventive / break-fix maintenance undertaken
   v. Summary of changes undertaken in the DC sites, including major changes like configuration changes, release of patches, database reorganization, storage reorganization, etc. and minor changes like log truncation, volume expansion, user creation, user password reset, etc.
   vi. Consolidated SLA / non-conformance report

g. Quarterly Reports
   i. Detection of security vulnerability detection with the available solutions/workarounds for fixing Hacker attacks, Virus attacks, unauthorized access, security threats, etc., with root cause analysis and plan to fix the problems.
   ii. Any hazards or events like fire, environmental conditions, physical security, etc. at the Data Centers.
   iii. SLA Reports All type of reporting should be submitted periodically as per SLA measurement interval to the TGSRTC.

h. Any other Daily,Weekly,Monthly,Yearly (period specific) Reports and existing reports period specific to be generated as per the requirements of the concerned departments during the project development and implementation stage.

9.34 Data Entry Screens: Depot wise creation / updation of dashboard screens for bus stops, routes, duties, trips, buses, drivers, conductors, etc. are to be provided with specific access to the related operators.

Section-6 Project timelines, milestones

#	Milestone	Timeline
1.	Letter of Award / Contract Order	T
2.	EBMS Functionality Report & Implementation plan submission	T + 2 weeks
3.	Liaison with the Concessionaires for obtaining CAN/GPS data using their Raw Data or APIs etc. & Implementation of EBMS	T + 4 weeks
4.	Implementation of EBMS as per defined Scope of Work in a city depot & Conducting UAT by the committee for acceptance of the EBMS **COD** will be declared after successful conduction of UAT and rollout of EBMS in city depots in phase-1	T + 8 weeks
5.	**Phase-1** Roll-out of EBMS as per defined Scope of Work in city depots (efforts be made to start from 1st day of the month)	T+10 weeks
6.	**Phase-2** District depots	COD+1 month

Note: The implementation plan in phases may vary in terms of depots, no. of buses etc. as per actual induction plan during the contract period, as per the discretion of TGSRTC.

Section – 7 Pre- Bid meeting

7.1. TGSRTC will conduct a pre-bid meeting to clarify the objectives/scope of the tender in Main Conference Hall, Bus Bhavan, Musheerabad, Hyderabad at 15.00 hrs., on the date mentioned in Gem Portal.

7.2.Only two representatives from each firm/company will be allowed to participate in the pre-bid meeting.

7.3.All related queries should be sent through email before the Pre Bid meeting date.

7.4.The queries shall be sent to the mail id : atmcomp@tsrtc.telangana.gov.in shall be in the format given hereunder.

Form 1: Bid submission letter

<<On Bidder Letterhead>>

Date:

To
The Chief Engineer(IT),
BusBhavan,
Musheerabad, Hyderabad.
Telangana State Road Transport Corporation .

Subject: Response to Bid for "Selection of Service Provider for implementation of Electic Bus Management System (EBMS) Software Services for Management and Monitoring of Operation of Electric Buses being inducted in GCC model in TGSRTC"

Dear Sir,

1. We hereby request to be qualified with the TGSRTC as a bidder for **EBMS** against Bid No. < >. I / We declare that all the services shall be performed strictly in accordance with the bid documents and we agree to all the terms and conditions in the bid & ATC.

2. We authorize TGSRTC or their authorized representatives to conduct any investigations to verify the statements, documents and information submitted and to clarify the financial and technical aspects of this application. For this purpose, we hereby authorize (any public official, engineer, bank, depository, manufacturer, distributor, etc.) or any other person or firm to furnish pertinent information deemed necessary and requested by TGSRTC to verify statements and information provided in this application or regarding our competence and standing.

3. The names and positions of persons who may be contacted for further information, if required, are as follows:
Name: _____
Designation: _____
Telephone: _____
E-mail id: _____

4. We declare that the statements made, and the information provided in the duly completed application to TGSRTC of our knowledge, are complete, authentic and accurate in every detail. On verification at any time in the future if it is found that information furnished with this application and statements made therein are not true, incomplete or incorrect, we hereby authorize TGSRTC to reject our application.

5. We confirm having submitted the information as required by you in Qualification Criteria. In case you require any other further information / documentary proof in this regard before evaluation of our bid, we agree to furnish the same in time to your satisfaction.

6. We undertake, if our proposal is accepted, to provide all the services put forward in the bid document or such features as may subsequently be mutually agreed between us and TGSRTC or its appointed representatives.

7. We agree for unconditional acceptance of all the terms and conditions set out in the bid document and also agree to abide by this bid response for a period of 180 days from the date fixed for bid opening and it shall remain binding upon us with full force and virtue. Till a formal contract is prepared and executed, this bid response, together with your written acceptance thereof in your notification of award, shall constitute a binding contract between us and TGSRTC.

8. We hereby declare that in case the contract is awarded to us, we will submit Performance Security equivalent to 5% of total contract value within the stipulated time.

9. I/We understand that TGSRTC reserves the right to reject any application without assigning any reason thereof.

10. I/We hereby undertake that I/We have not made any payment or illegal gratification to any person/authority connected with the bid process to influence the bid process and have not committed any offence under the Prevention of Corruption Act 1988 in connection with the bid.

11. We hereby confirm that our prices include all taxes / GST. We declare that our Bid Price is for the entire scope of the work as specified in the Bid document. These prices are indicated in Commercial Bid submitted as part of the requirements of Bid.

12. It is hereby confirmed that I/We are entitled to act on behalf of our company/ firm organization and empowered to sign this document as well as such other documents, which may be required in this connection.

13. We declare that we have read through the Bid document, all related clarifications and corrigendum.

Thanking you,

Yours faithfully,

(Signature of the Authorized signatory of the Bidder)

INTEGRITY PACT

Between **Telangana State Road Transport Corporation (TGSRTC)** hereinafter referred to as "The Principal" And (_____) hereinafter referred to as "The Bidder/Contractor"

Preamble

PRINCIPAL intends to award, under laid-down organisational procedures, contract(s) for _____ package. The PRINCIPAL values full compliance with all relevant laws and regulations, and the principles of economical use of resources, and of fairness and transparency in its relations with its Bidders/Contractors.

In order to achieve these goals, The PRINCIPAL will appoint an Independent External Monitor {IEM}, who will monitor the tender process and the execution of the contract for compliance with the principles mentioned above.

Section I - Commitments of PRINCIPAL

(1) PRINCIPAL commits itself to take all measures necessary to prevent corruption and to observe the following principles:

a) No employee of PRINCIPAL, personally or through family members, will in connection with the tender, or the execution of the contract, demand, take a promise for or accept, for him/herself or third person, any material or other benefit which he/she is not legally entitled to.

b) PRINCIPAL will, during the tender process treat all Bidder(s) with equity and fairness. PRINCIPAL will in particular, before and during the tender process, provide to all Bidder(s) the same information and will not provide to any Bidder(s) confidential/ additional information through which the Bidder(s) could obtain an advantage in relation to the tender process or the contract execution.

(c) PRINCIPAL will exclude from evaluation of Bids its such employee(s) who has any personnel interest in the Companies/Agencies participating in the Bidding /Tendering process

(2) If Principal obtains information on the conduct of any of its employees which is a criminal offence under the relevant Anti-Corruption Laws of India, or if there be a substantive suspicion in this regard, he will inform its Chief Vigilance Officer and in addition can initiate disciplinary actions under its Rules.

Section II - Commitments of the Bidder/Contractor

(1) The Bidder/Contractor commits himself to take all measures necessary to prevent corruption. He commits himself to observe the following principles during his participation in the tender process and during the contract execution.

a) The Bidder/Contractor will not, directly or through any other person or firm, offer, promise or give to PRINCIPAL, or to any of PRINCIPAL's employees involved in the tender process or the execution of the contract or to any third person any material or other benefit which he/she is not legally entitled to, in order to obtain in exchange an advantage during the tender process or the execution of the contract.)

b) The Bidder/Contractor will not enter with other Bidders into any undisclosed agreement or understanding, whether formal or informal with other bidders/Contractors. This applies in particular to prices, specifications, certifications, subsidiary contracts, submission or non-submission of bids or actions to restrict competitiveness or to introduce cartelization in the bidding process.

c) The Bidder/Contractor will not commit any offence under the relevant Anti-corruption Laws of India; further, the Bidder/Contractor will not use for illegitimate purposes or for purposes of restrictive competition or personal gain, or pass on to others, any information provided by PRINCIPAL as part of the business relationship, regarding plans, technical proposals and business details, including information contained or transmitted electronically.

d) The Bidder/Contractor of foreign origin shall disclose the name and address of the Agents/representatives in India, if any, involved directly or indirectly in the Bidding. Similarly, the Bidder/Contractor of Indian Nationality shall furnish the name and address of the foreign principals, if any, involved directly or indirectly in the Bidding.

e) The Bidder/Contractor will, when presenting his bid, disclose any and all payments he has made, is committed to or intends to make to agate, brokers or any other intermediaries in connection with the award of the contract.

(2) The Bidder/Contractor will not instigate third persons to commit offences outlined above or be an accessory to such offences.

Section III- Disqualification from tender process and exclusion from future contracts

(1) If the Bidder, before contract award, has committed a serious transgression through a violation of Section II or in any other form such as to put his reliability or credibility as Bidder into question, the Principal is entitled to disqualify the Bidders/ Contractors from the tender process or take action as per the procedure mentioned in the "Guidelines on Banning of business dealings"

Section IV – Compensation for Damages

(1) If the Principal has disqualified the Bidder[s] from the tender process prior to the award according to Section III, the Principal is entitled to demand and recover the damages equivalent to Earnest Money Deposit/ Bid Security.

(2) If the Principal has terminated the contract according to section III, or if the Principal is entitled to terminate the contract according to Section III, the Principal shall be entitled to

demand and recover from the Contractor liquidated damages of the Contract value or the amount equivalent to Performance Security.

Section V- Previous Transgression

(1) The Bidder shall declare in his Bid that no previous transgressions occurred in the last 3 years with any other Public Sector Undertaking or Government Department that could justify his exclusion from the tender process.

(2) If the Bidder makes incorrect statement on this subject, he can be disqualified from the tender process or action can be taken as per the procedure mentioned in "Guidelines on Banning of business dealings".

Section VI - Equal treatment to all Bidders / Contractors

(1) The Bidders/Contractors undertake(s) to demand from all subcontractors a commitment in Conformity with this Integrity Pact, and to submit it to the Principal before contract signing.

(2) The Principal will enter into agreements with identical conditions as this one with all Bidders, Contractors and Subcontractors. The Principal will disqualify from the tender process all bidders who do not sign this Pact or violate its provisions

Section VII – Criminal Charges against violating Bidder(s)/ Contractor(s)/ Subcontractor(s)

If PRINCIPAL obtains knowledge of conduct of a Bidder or a Contractor or his subcontractor or of an employee or a representative or an associate of a Bidder or Contractor or his Subcontractor which constitutes corruption, or if PRINCIPAL has substantive suspicion in this regard, PRINCIPAL will inform the Chief Vigilance Officer (CVO).

Section VIII - Independent External Monitor/Monitors

(1) That PRINCIPAL (TGSRTC) has appointed _____ as Independent External Monitors for this Pact.

(2) The Monitor is not subject to instructions by the representatives of the parties and performs his functions neutrally and independently. The monitor will have access to all contract documents whenever required. It will be obligatory for him to treat the information and document of the Bidders/Contractors confidential. He reports to the Managing Director TGSRTC.

(3) The Bidder(s)/ Contractor(s) accepts that the Monitor has the right to access without restriction to all Project documentation of the Principal including that provided by the Contractor. The Contractor will also grant the Monitor, upon his request and demonstration of a valid interest, unrestricted and unconditional access to his project documentation. The same is applicable to Subcontractors.

(4) The Monitor is under contractual obligation to treat the information and documents of the Bidder(s)/ Contractor(s) with confidentiality. The Monitor has also signed Declaration on Non-Disclosure of Confidential information and of 'Absence of Conflict of Interest. In case of any conflict of interest arising at a later date, the IEM shall inform Managing Director, TGSRTC and recuse himself/herself from that case.

(5) The Principal will provide to the Monitor sufficient information. about all meetings among the parties related to the Project provided such meetings could have an impact on the contractual relations between the Principal and the Contractor. The parties offer to the Monitor the option to participate in such meetings.

(6) As soon as the Monitor notices, or believes to notice, a violation of this agreement, he will so inform the Management of the Principal and request the Management to discontinue or take corrective action, or to take other relevant action. The monitor can in this regard submit non-binding recommendations. Beyond this, the Monitor has no right to demand from the parties that they act in a specific manner, refrain from action or tolerate action.

(7) The Monitor will submit a written report to the VC & MD of TGSRTC within 8 to 10 weeks from the date of reference or intimation to him by the Principal and should the occasion arise, submit proposals for correcting problematic situations.

(8) If the Monitor has reported to the VC & MD of TGSRTC, a substantiated suspicion of an offence under relevant IPC/ PC Act, and the Managing Director has not within the reasonable time taken visible action to proceed against such offence or reported it to the Chief Vigilance Officer, the Monitor may also transmit this information directly to the Central Vigilance Commissioner.

(9) The word Monitor will include both singular and plural

Section IX - Pact Duration

This Pact begins when both parties have legally signed it. it expires for the Contractor 12 months after the last payment under the contract, and for all other Bidders 6 months after the contract has been awarded. Any violation of the same would entail disqualification of the bidders and exclusion from future business dealings.

If any claim is made/ lodged during this time, the same shall be binding and continue to be valid despite the lapse of this pact as specified above, unless it is discharged / determined by VC & MD of TGSRTC.

Section X - Other Provisions

(1) This agreement is subject to Indian Law. Place of performance and jurisdiction is the Registered Office of the Principal i.e. Telangana State.

(2) Changes and supplements as well as termination notices need to be made in writing. Side agreements have not been made.

(3) If the Contractor is a partnership or a consortium. this agreement must be signed by all partners or consortium members.

(4) Should one or several provisions of this agreement turn out to be invalid, the remainder of this agreement remains valid. In this case, the parties will strive to come to an agreement to their original intentions.

(5) Issues like Warranty / Guarantee etc. shall be outside the purview of IEMs.

(6) In the event of any contradiction between the integrity pact and its Annexures, the Clause in the integrity Pact will prevail.
